Professional Summary

Full Stack Developer with hands-on experience in .NET, ASP.NET Core, Angular, and SQL Server. Strong background in building RESTful APIs, MVC applications, and scalable backend systems. Experienced in frontend development, database design, and system integration. Analytical professional with technical and business experience, strong problem-solving skills, and a passion for continuous learning and clean code.

Technical Skills

Programming Languages:

C#, JavaScript, TypeScript, PHP, Python.

Frameworks & Libraries:

ASP.NET, ASP.NET Core, Angular, React, Node.js, Express.js.

Databases:

SQL Server, MySQL, MongoDB.

Web Technologies:

RESTful APIs, MVC Architecture, Authentication & Authorization, CRUD Operations, Responsive Design.

Data & Analysis:

Microsoft Excel, Google Sheets, Data Analysis, Reporting, Data Validation.

Tools & Platforms:

Git, GitHub, VS Code, Firebase, phpMyAdmin.

Work Experience

1- Full Stack / Frontend Web Developer – Freelancer (2021 – 2023)

- Designed and developed responsive web applications for multiple clients.
- Built user interfaces using HTML, CSS, JavaScript, Bootstrap, and Angular.
- Integrated frontend applications with backend APIs.
- Ensured cross-browser compatibility and mobile responsiveness.
- Maintained and enhanced existing web applications based on client requirements.
- Delivered projects on time while meeting functional and performance requirements.

2- Technical Support Specialist – Telecom Egypt (WE) (Aug 2025 – Nov 2025)

- Provided technical support for internet and telecom services.
- Diagnosed and resolved customer technical issues.
- Logged and tracked service requests using internal systems.
- Communicated effectively with customers to explain issues and solutions.

3- Accountant – MADDO Company (Nov 2025 – Present)

- Managed general accounting activities and financial operations.
- Reviewed and monitored all incoming and outgoing financial transactions.
- Prepared invoices, payments, and financial reports.
- Analyzed financial data using Excel and Google Sheets.
- Ensured accuracy and compliance of financial records.

Internships & Training

PHP Engineer Intern – ITI (Jul 2024 – Aug 2024)

- Developed dynamic web applications using PHP and MySQL.

MEAN Stack Intern – Orange Digital Center (Sep 2024 – Oct 2024)

- Built full-stack web applications using MongoDB, Express, Angular, and Node.js.

Full Stack .NET Trainee – Ministry of Communications (DEPI) (Oct 2024 – Apr 2025)

- Completed an intensive .NET full-stack scholarship covering ASP.NET Core, Entity Framework, and SQL Server.

Projects

1- VIBEON – E-Commerce Web Application

- Full-stack e-commerce system with authentication and product management.
- Technologies: ASP.NET Core, Angular, SQL Server.

2- E-Cinema – Movie Booking System

- Movie booking web application with backend and frontend integration.
- Technologies: MERN Stack.

Education

B.Sc. in Computer Science

Al-Shorouk Academy – Cairo, Egypt

Class of 2024.

Courses and Certifications

- Introduction to Data Analysis – Coursera
- Google Cloud Big Data and Machine Learning Fundamentals – Google (Coursera)
- Backend Development for .NET Full Stack – Coursera
- Artificial Intelligence and Machine Learning (HCIA-AI) – Huawei
- Web Development Fundamentals (HTML, CSS, PHP, SQL Server, MySQL) – Mahara Tech
- PHP Engineer Training – Information Technology Institute (ITI)
- MEAN Stack Training – Orange Digital Center
- Cisco Certified Network Associate (CCNA) Security – Coursera
- ASP.NET Core MVC – Udemy
- Full Stack .NET Web Developer – DEPI
